1. Comment. Boilers Nos. I, II, and III for Hungary and boilers Nos. I and II for Bulgaria are not contained in the 1955 production plan, since these boilers were scheduled to be delivered in 1954. After completion of these items in 1955, the corresponding values are to be booked as actual plan fulfilment in order to show a higher fulfilment percentage.

2. Comment. Six boilers are scheduled to be completed in the fourth quarter of 1955 for delivery to Communist China and Poland, but the exact number for each country is not specified.
